in today s world only the smartest survive the competitive landscape is littered with graves of well known firms whose revenues profits and stock prices rose for decades until they suddenly imploded in fast changing business environments firms must adapt their strategies and innovate to remain at the top but

many successful firms fail to do so instead they succumb to inertia hesitate or stick blindly to their old strategies until it is too late the ability to adapt to change is a measure of intelligence so why do firms demonstrate such low strategic iq what causes inertia and why is it so deadly how can leaders help their firms to act more intelligently this book identifies the key sources of inertia strategic structural and human and provides practical advice on how they can be overcome to create smarter corporations it is both a wake up call for successful firms and a lifeline for firms struggling to succeed to successful firms beware you may already be dead to struggling firms have hope it is possible to pass powerful competitors by raising your strategic structural and human iq praise for strategic iq hard hitting and stimulating wells thesis carries a robust message that should make business leaders the world over sit up and think archie norman chairman of itv uk wells makes a compelling case for dramatic change ron sargent ceo of staples usa

most business schools use case studies in their courses however these are typically based on past cases and assigned to students to solve this book describes a new approach for teaching with case studies which was developed and applied successfully at tum school of management in this approach student teams write and solve their own case study on a topic concerning current and future businesses a case can thus be on their own startup or a strategic decision of existing companies during the course the students receive intensive coaching while selecting and developing the case topic by the course advisors as well as feedback by industry experts and executives for whom the case is actually a burning question the authors present 17 cases covering strategic questions for startups and technology companies such as deutsche post bmw ryanair lufthansa stadtwerke münchen fiemann adidas siemens caribou biosciences eon airbus unicredit and ubs

the guide all mbas and exec ed students need if you re enrolled in an mba or executive education program you ve probably encountered a powerful learning tool the business case but if you re like many people you may find interpreting and writing about cases mystifying and time consuming in the case study handbook revised edition william ellet presents a potent new approach for efficiently analyzing discussing and writing about cases early chapters show how to classify cases according to the analytical task they require making a decision performing an evaluation or diagnosing a problem and quickly establish a base of knowledge about a case strategies and templates in addition to several sample harvard business school cases help you apply the author s framework later in the book ellet shows how to write persuasive case analytical essays

based on the process laid out earlier examples of effective writing further reinforce the methods the book also includes a chapter on how to talk about cases more effectively in class any current or prospective mba or executive education student needs this guide

based on a groundbreaking study analysing data on 200 management practices gathered over a 10 year period reveals the effectiveness of the 4 2 practices 4 primary and 2 of 4 possible secondary practices that really matter the ones that if followed rigorously ensure sustained business success with a new introduction by the authors with hundreds of well known management practices and prescriptions promoted by consultants and available to business which are really effective and contribute to the growth and continued success of a company which do little or nothing based on the evergreen project a massive 5 year study involving the business school faculties of ten universities the authors set out to find the management practices that truly promote long term growth and success their findings will revolutionize the art and practice of business management the book shows that there are essentially six management practices that all successful companies must master simultaneously they range from focusing on a strategy of growth to maintaining the depth and quality of human talent in the organization

a union list of serials commencing publication after dec 31 1949

this collection examines the forces both internal and external that lead corporations to behave efficiently and to create wealth the author argues that control is vested in shareholders to maximise corporate value risking the hostile takeovers which led to the economic boom of the 1990s
